

## PRE-SCHOOL

### This week we have.....

Been settling the Children back in to Pre-School, welcoming them back, going over our Pre-School Rules and taking part in some wonderful play.

Next week we will be looking at Snowflakes and Ice as part of our Hygge training.

### Being School Ready

For the next few months, we are focusing on getting your Child/Children School Ready, but this also needs to be done and continued at home.

Being School Ready doesn't mean in an academic sense such as writing their name and doing maths, it means so much more.

During this time some things that we would normally do, such as taking Children through to Foundation class cannot be done. We will however still work hard to overcome these obstacles that come our way.

Please do click on our Website Link for further information <http://cholseypreschool.co.uk/school-readiness/>

This week again we are looking at Shoes and if your Child/Children can put on and take off their own shoes.

This is important they are able to do this once they move into their Foundation Year. Ask yourselves some questions. Are their shoes suitable for the play they may do? Do they have laces or buckles they cannot do themselves? Are the shoes/boots hard for your Child/Children to get on and take off?

To help your Child/Children become more independent shoes they can take off and put on will help them achieve this.

Take time, praise and perseverance to encourage your child to do their own shoes.

## COVID-19

Hopefully by now you are all aware of the Rules you should be following regarding COVID-19.

We are very happy to have been able to welcome your Child/Children back to the setting, however to help us to keep the setting open we rely on everybody to do their bit and follow the rules.

<https://www.gov.uk/guidance/national-lockdown-stay-at-home>

At the moment we are adding a change to our Sickness Policy and any child who is sick, including a cold is now kept at home.

We also need you to have your Child/Children in warm clothes. The doors and Windows are open to ventilate the classroom and obviously it is very cold at the moment. So, layers are good to help keep your Child/Children warm inside and outside the classroom.

**Dates for your Diary (please check Newsletters and online Notice Board for updates)**

### **End of Term**

February the 12<sup>th</sup>

### **Start of Term**

Monday February the 22<sup>nd</sup>

## Fundraising
