

PRE-SCHOOL

This week we have.....

Been looking at Sunshine, Shadows and Rainbows as part of our Wanderlust: A Nature Study Programme.

Used chalk to draw around each other's shadows and then looked throughout the day to see if they remained in the same spot.

Looked at shadows on the light box and made shadows with our hands.

Been mixing powder paints outside and then used the colours to make rainbows. We also spoke about how we may spot a rainbow.

Been making suncatchers using flower petals and sticks.

Used the giant scales outside and buckets of water to see how much water the buckets would take and look at what more or less means.

Watered all of our vegetables in the pots.

Had lots of water play this week, it helped cool us down a little.

Been learning about Sun Safety, how we can all stay safe in the sun.

Been speaking about Personal Power and practicing our listening skills. We have been speaking about personal power and how we can choose to behave. We are also learning how our actions may affect others, are we making our friends happy or sad? And listening to what are friends are saying.

Been talking about Bee's as there are some bees on the Primary School's premises. We have been speaking about the impact bees have on our world.

Changes

As you know we are undertaken a Hygge in the early Years Accreditation.

We are have also just signed up to a Sunsafe Nurseries and a Healthy Smiles Accreditation.

We do training and these accreditations to stay up to date on information and to be able to keep your children healthy and safe.

Over the next few weeks, we will be implementing some changes, these will be emailed out to you.

The first set of changes is attached to this email and is for our Sunsafe Nurseries Accreditation.

Face to Face Consultations

Don't forget to book your face to face consultation.

We will be offering face to face consultations for you to speak with your child's key person in July. These will take place on the 5th, 6th and 8th of July from 3.40 - 4.30 and will last 10 minutes.

If you would like to book in, please do email with day and time preference. If your preference has been taken we will offer you an alternative day/time.

Reminders

Please do pack a few spare clothes. With the hot weather water play has become more popular, therefore your child needs clothes they can change into. We only have a few spare clothes at Pre-School, especially summer items, that we can use.

Could you please let us know if your child hasn't had breakfast. Children are able to cope with the day better if they have had breakfast and we notice the difference between those who have and haven't. You can let us know via email or speak with a member of the team.

We have noticed some children are very hungry at first snack time. Can we ask that you pop some more snack in their bags (name on) for them. If they don't eat it, we will return it to you. We also notice that if the fruit is bruised, bashed etc they do not want to eat it.

Please only fill water bottles with water and not juice.

Some children have been speaking about 'foxy' which we gather it is a You Tube programme. Please do make sure these programmes are age appropriate for your children to watch.

Dates for your Diary (please check Newsletters and online Notice Board for updates)

Inset Day

25th June Pre-School Closed

End of School Year

16th July at 3.30pm
